TRANSPORTATION DEPARTMENT
FIELD TRIP INFORMATION FOR TEACHERS

REQUESTING BUSES

1. Except when parent drivers or public transit (i.e., RT buses, light rail) are used, all transportation must be arranged through the Transportation Department. Private carriers must be approved by the Transportation Department.
2. ***Before finalizing any trip plans***, call the Field Trip Coordinator at 567-5495 to check bus availability.
3. Fill out the "TRANSPORTATION REQUEST" form completely. Be specific about your needs. Examples of needs which must be known in advance: access to parked buses while at destination, luggage space, stops enroute.
4. Please provide street addresses for destinations. This is not necessary for major attractions such as the Railroad Museum, the Capitol, Marine World, or the Exploratorium.
5. How to estimate bus cost:

Enter the number of hours which will elapse from the initial load time to the final return time. Bus drivers must be allowed one 15-minute duty-free break during each 4 hours and a 45-minute duty-free meal period during each six hours on duty.

Enter the estimated number of miles the bus will travel from school to the destinations and back to school.

Enter the estimated cost of parking and bridge tolls. Bridge tolls are usually \$10.00 for buses.

Enter the total cost per bus, then cost per bus times the number of buses.

If you do not need the bus to stay at the destination, add mileage and reduce the number of hours to reflect that the bus will return to the yard. Allow 1 hour for the round trip from the destination to the yard and back. This may reduce your cost.
6. Submit transportation request forms to principals at least two weeks prior to trips. Your trip request may be denied if received by the Transportation Department less than one week prior to your trip date.
7. Your bus is not confirmed until you receive a copy of the TRANSPORTATION REQUEST form which has been approved by the Transportation Department. If you do not receive a copy showing approval, assume that you do not have a bus.

DURING TRIPS

1. Bus drivers are required by law to review bus rules and emergency procedures with passengers before departures. This usually takes 3 to 4 minutes.
2. Students will not be transported unless a teacher is aboard each bus.
3. So that drivers may devote their full attention to the safe operation of their buses, teachers must actively supervise students while on the bus.
4. All passengers must follow the bus rules listed in the student handbook and posted in the buses. Adults are expected to be good examples for students by following the rules.
5. **STATE LAWS:** Adults may leave their seats only to deal with disciplinary problems or when asked to do so by the driver. Students may never leave their seats while the bus is in motion.
6. Bus drivers have authority over all passengers on or near buses.
7. Bus drivers will strictly adhere to trip itineraries as shown on approved transportation requests. Changes in itineraries during trips must be approved by the Transportation Department. Field trip buses may be committed to other assignments immediately following trips or during layovers. Please be aware that if you return late from your trip, bus service for other schools may be adversely affected.
8. Only parents or other adults approved by the school principal or the transportation director are allowed to accompany students on buses. Except school-age children of bus drivers, children not enrolled in Natomas schools will not be allowed on buses.
9. Bus drivers may choose to discontinue any trip and return to school if a group's behavior is unacceptable.
10. Video cameras may be used to record student behavior.

URGENT

To: SIA Member Districts
From: Martin Brady, Executive Director
Date: December 23, 2002
Subject: LIABILITY COVERAGE EXCLUSION – 15-PASSENGER VANS

As I am sure you are aware, federal law prohibits auto dealers and rental agencies from selling or leasing commercial vehicles designed to carry more than 10 passengers, including the driver, for the purpose of transporting school children unless the vehicle meets the specified safety requirements for school buses. Further information on federal requirements for student transportation can be found at www.nhtsa.dot.gov, the website for the National Highway Traffic Safety Administration.

Over the past several months, the SIA Executive Committee has discussed safety concerns regarding rollover tendencies associated specifically with 15-passenger vans. **The purpose of this letter is to alert our member districts that Schools Insurance Authority will no longer provide liability coverage for 15-passenger vans that do not meet school bus safety standards. This exclusion is EFFECTIVE JANUARY 1, 2003, FOR VEHICLES RENTED OR LEASED BY OUR MEMBERS OR THEIR REPRESENTATIVES, and JULY 1, 2003, FOR ALL 15-PASSENGER VANS, LEASED, RENTED, OWNED OR USED BY OUR MEMBER DISTRICTS, THAT DO NOT MEET SCHOOL BUS SAFETY STANDARDS.**
